Inversible™

**Description** 8-Person Platinum™ lounge soaker and platform.

**Specifications** 12'L x 12'W x 21"H

New for 2012! Giant lounge and playstation that can be used as a soaker or a platform. In soaker mode, the interior mesh floor provides an open splash zone for active play or for cool, quiet lounging. Inverted, the mesh floor provides an airy platform for rest or active play. Can be used as a stand-alone item, or integrated into an aquapark in multiple configurations. Attaches on two sides, in either orientation, using Interloc™ system. Suitable for up to eight people.

## Inversible™ Technical Features

### **Duratex™**

**Commercial grade fabric reinforced PVC material.**

Ideally suited for watersports, Duratex™ material is the finest, commercial grade fabric reinforced PVC available. Each Aquaglide Platinum item uses Duratex™ material for maximum strength and durability. The Inversible™ incorporates 1000d fabric fused with layers of 28 oz PVC.

### **RF Weld™**

**Radio frequency welded seams for high quality and outstanding durability.**

'RF' or Radio Frequency Welding is the process used to fuse DuraTex™ material seams for years of trouble-free use. RF welding produces clean, strong seams with no unsightly glue marks or splits.

### **Interloc™**

**Heavy duty stainless fittings and convenient Interloc straps for modular use.**

Aquaglide Platinum items connect to one another using the Interloc™ system. Soft webbing offers some flexibility, while remaining tough enough for years of service.

Only Interloc™ blends the convenience of a cinch with the security of a locking connection.

### **3 Year**

**Limited Warranty against any and all manufacturing defects.**

Each Aquaglide Platinum™ item offers a warranty covering any and all manufacturing defects for an extended period of time. The Inversible™ includes a 3 Year warranty for recreational use, a 1 year warranty for commercial use.

### **UV Block™**

**Materials specially treated for high resistance to the sun's damaging rays.**

Each Aquaglide Platinum item is treated with UV Block™, the highest grade 3-year UV coating available.

While we recommend periodic maintenance with additional UV coatings, there is no substitute for having UV Block™ incorporated into the material right from the start.

UV Block™, for years of trouble-free use.
