

Direct Vent Gas Fireplace Inserts

# A MORE EFFICIENT WAY TO HEAT YOUR HOME

Easily turn your old, inefficient masonry fireplace into a cozy, cost-effective heat source with Direct Vent Insert Systems from Monessen. Featuring beautiful style, realistic flames and powerful heat output, these inserts provide everything you want in a fireplace while helping to lower fuel costs. And, with plenty of trim and surround options, it's easy to create the perfect look for your home.

Colonial surround with filigree

## STUNNING EFFICIENCY

Friends and family can enjoy the dancing flames through the large viewing area of the Reveal direct vent gas insert while staying warm, thanks to 30,000 BTUs of heating power. Standard features include Tavern Brown firebrick, a variable thermostat controlled forced air blower to help the fireplace operate at its most efficient, and a Natural Flame burner with a strikingly realistic ceramic fiber log set. Two styles of designer facings coupled with filigree, louvers or a sleek contemporary hood give you plenty of options as you create the perfect look for your home.
